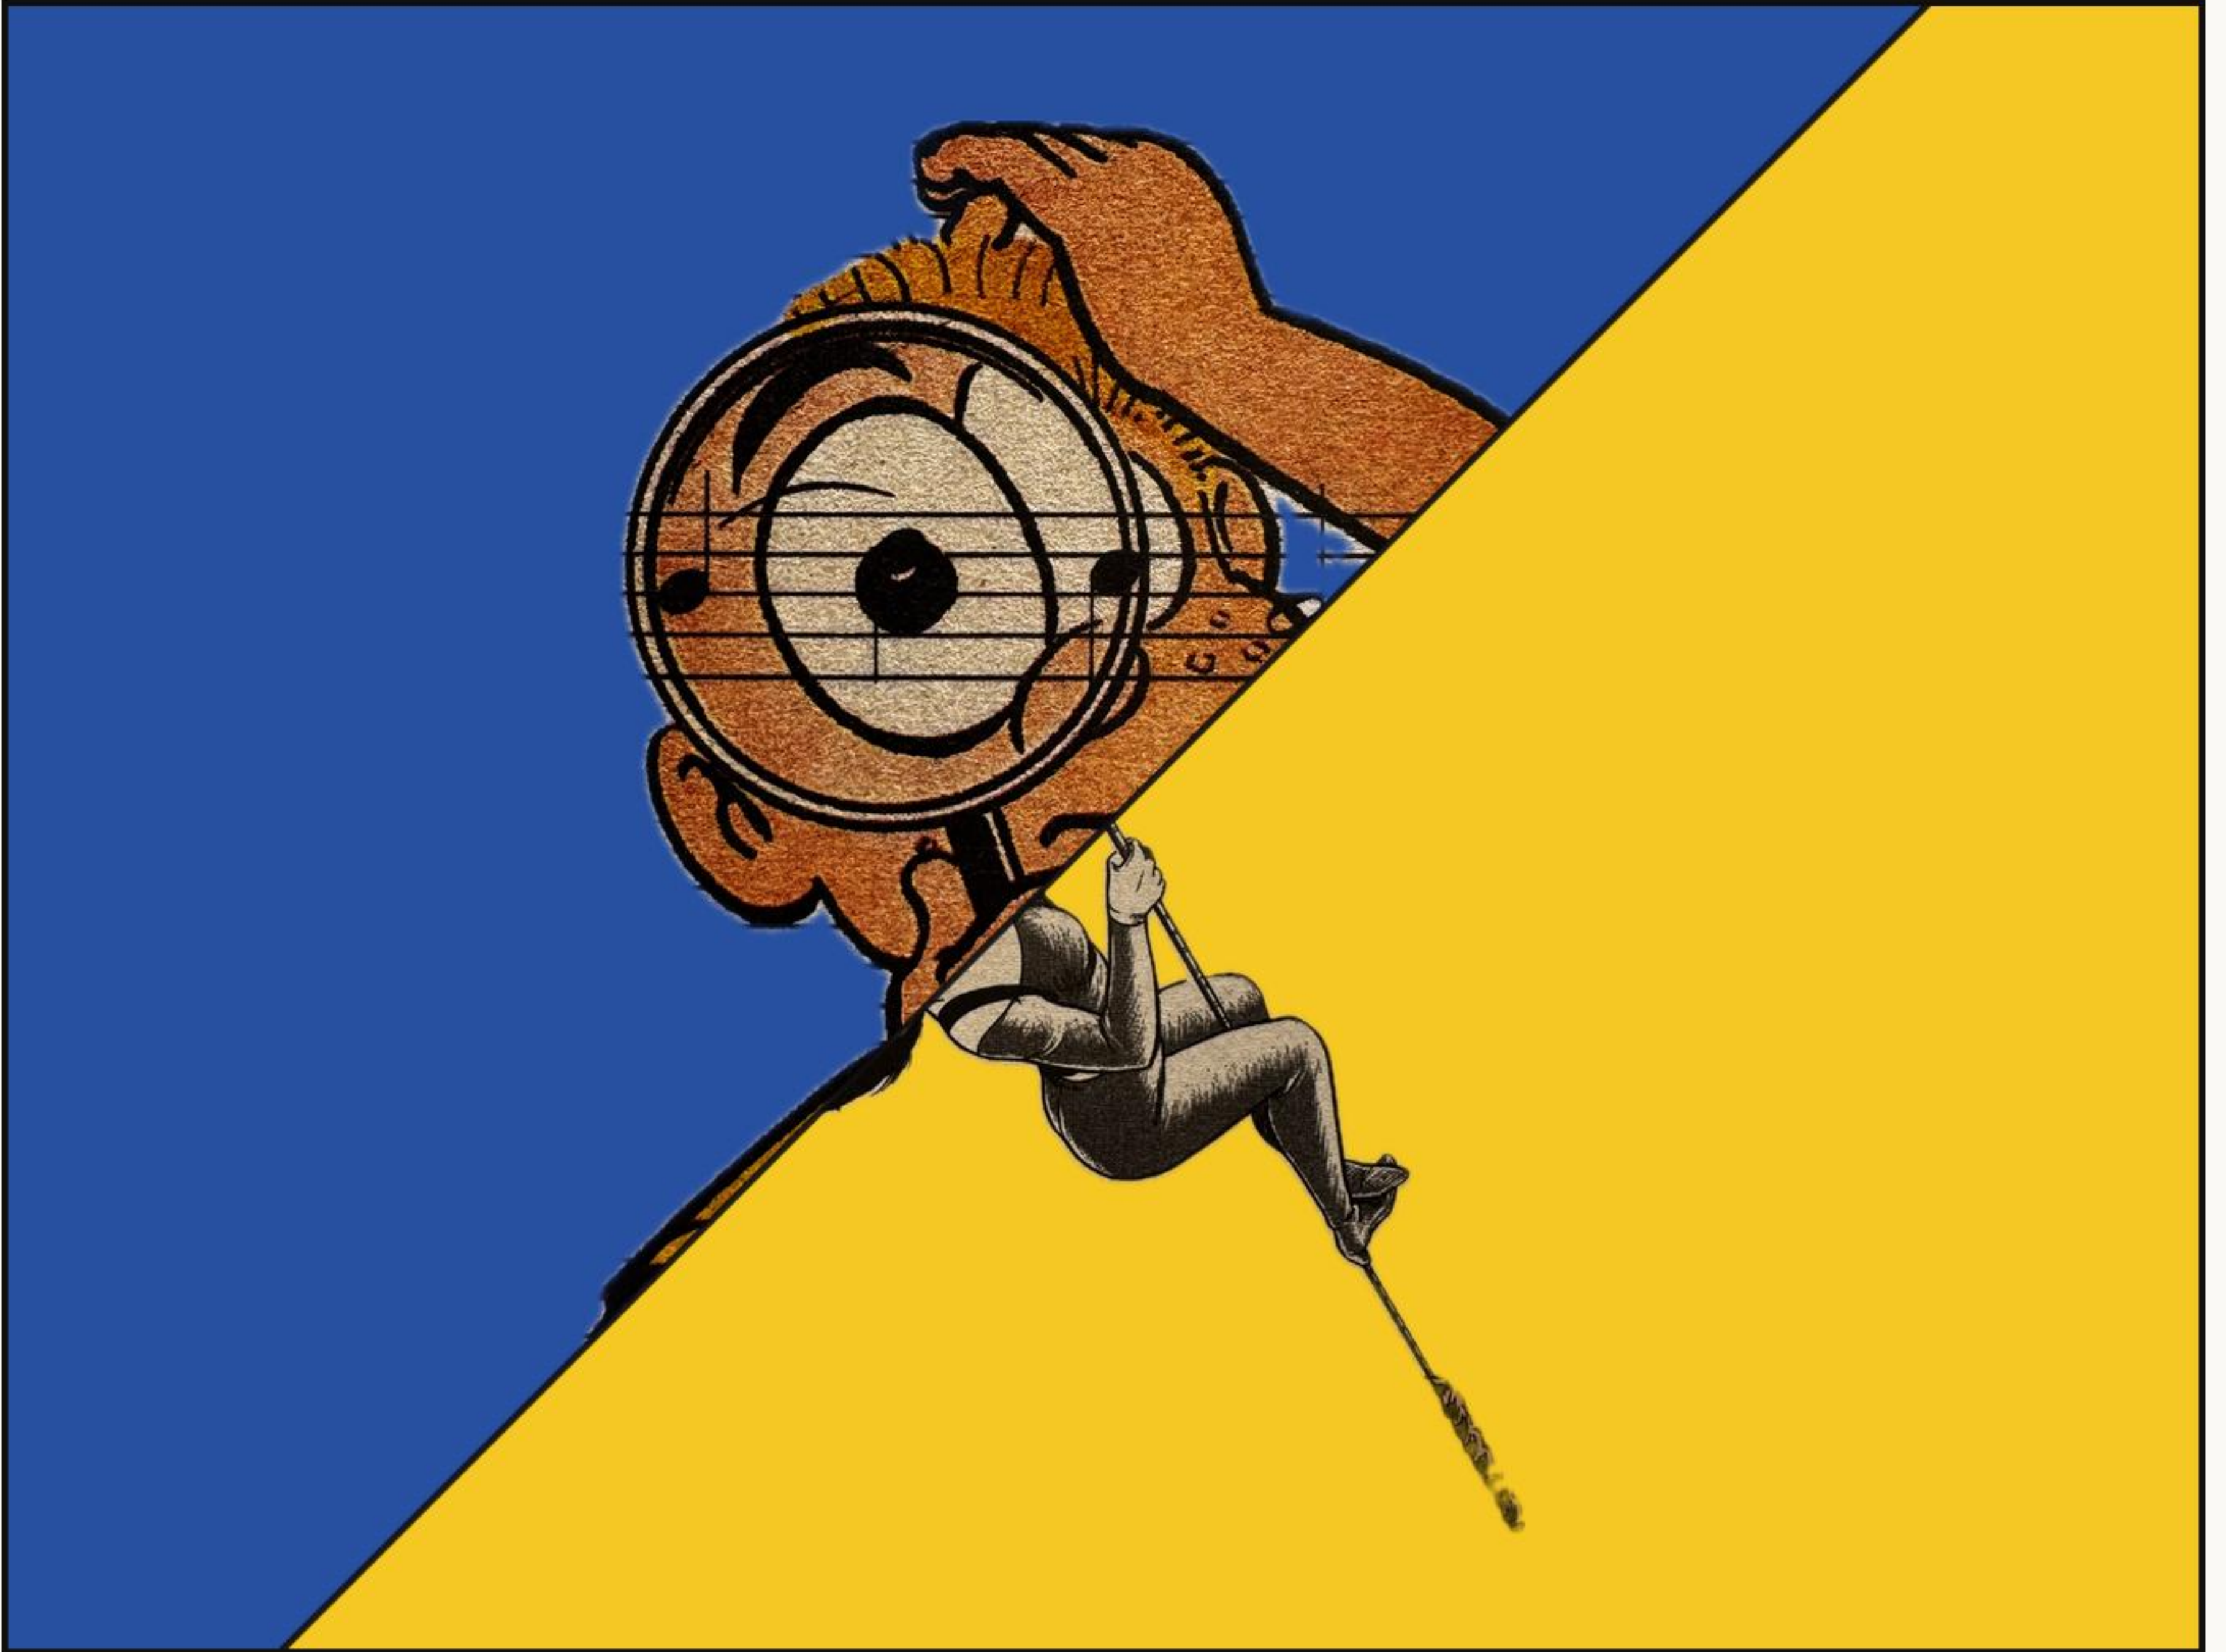

Fig. 106. Synchro Sinar II: 1. Flash mount; 2. Shutter cock; 3. Delayed action lock; 4. Setting ring and release for flash gun; 5. Press focusing button. 6. Synchro Sinar II; 7. Release button; 8. Release lever; 9. Delayed action lock.

Shutters

All lenses supplied for Dornier cameras are mounted between-lens shutters. Shutters are instruments of the highest precision and call for appropriate treatment and care in handling. It is therefore important to understand clearly the function and
